PROFILE

Aspiring DevOps and Web Developer with expertise in Java, JavaScript, Bash, HTML, CSS, Python, MySQL, and C++. Active participant in open-source programs like Hacktoberfest '22, SWoC '23, and KWoC '23. Committed to continuous learning for professional growth in the dynamic field of technology.

PERSONAL PROJECTS

Beginner's Start Aug 2022 - Nov 2022

- Created a platform that provides beginners with a curated collection of project ideas in Java and Python, including screenshots and code snippets for reference.
- Developed the platform using IntelliJ Idea by JetBrains for Java projects and IDLE/VS Code for Python projects, and designed the website with a Nicepages theme and CSS animations.
- Aim to continue expanding the platform to be free of cost, helping students and beginners to learn various computer languages with a structured roadmap for success.

CERTIFICATIONS
